Note: Charge times and battery levels may vary depending on your specific usage and your charging conditions.

HOW TO USE

- Ensure the power bank is fully charged before first use. To charge simply connect your power bank to a suitable charger or laptop.
- To charge a device connect the cable to one of the output ports and insert the other end into your device, the power bank will start providing power instantly.
- You may use your existing charging cable to power your device, as connection may differ from product to product.
- You may simultaneously charge up to 3 devices.
- Always disconnect the cables once the power bank or your device is fully charged.
- Press the power button to monitor the remaining battery levels. The LED's will show you the remaining amount of charge (see previous chart).
- You may charge the powerbank and also charge 2 devices from the other ports at the same time.

SAFETY

IMPORTANT: Read all information and warnings before using the Rock power bank. Improper use of this product may lead to the product being damaged and you (the buyer, not the dealer) will be held responsible for damages such as over heating, the release of toxic fumes, fire or explosion. Do not attempt to charge the power bank by using any other method other than a compatible charger or computer. Ensure that cables are inserted correctly and in the correct direction, do not force cables into the ports as this may cause damage to the cables and power bank. Do not dismantle or modify the power bank in any way. Do not use this power bank in bathrooms or in wet areas. Do not expose the power bank to moisture or immerse it in liquid. Keep this product dry at all times. Do not keep the power bank in an environment that has excessively high temperatures, including intense sunshine. Do not throw this product into a fire or leave in a hot environment. Do not place this product in or near microwaves or cooking devices. Do not use this power bank in industrial conditions where flammable gas is present or in

gas/petrol stations. Avoid dropping and avoid any other impact or friction to this product. Do not place the power bank on flammable materials such as bedding or carpets during charging. Do not touch the power bank with wet hands. Disconnect the cable from the power bank once you have charged the device. Only use this product within the following temperatures: 0° to 40°. Do not connect input and output in reverse. Do not charge the power bank in excess of the rating suggested. If any issue arises when using the power bank, disconnect the cables and contact your dealer. In the unlikely event that any liquid from the inside of this product gets into your eyes, do not rub them, wash your eyes immediately with clean water and consult a physician. All Rock's products have been tested comprehensively to ensure quality. If you encounter any unusual heat, discolouration or product distortion during charging or storage, please stop using it immediately and contact the dealer. These issues may cause leakage, heat, smoke or ignition of the power bank. This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities (or lack of experience and knowledge) unless they have been given supervision or instructions concerning the use of the power bank by a person responsible for their safety. Children

should be supervised to ensure that they do not play with the power bank, this is not a toy. This product is not intended for commercial use. Please recycle or dispose of this product at its end of life, dispose of responsibly based on your local authorities rules. Contact your local recycling center of how to dispose of safely as this item does contain a battery.
